## Fall By Rigger Ends 25th Safety Period

A fall from the roof of a Y-12 building by a rigger in the Buildings and Grounds Department resulted in a disabling injury that ended the 25th Union Carbide Safety Period in the Y-12 Plant. The accident happened at 2 o'clock Tuesday afternoon, June 23, and ended the safety period at 66 days with 2,083,000 hours of plant operations performed without a disabling injury. The period started on April 17.

The rigger fell 28 feet and suffered fractures of both legs, rib injuries and various bruises. He was taken to Oak Ridge Hospital and will be off indefinitely.

Meanwhile, the number of disabling injuries in the Y-12 Plant rose to three for the year when an accident on April 8 developed into a lost time mishap. The injury was recorded on April 8, within the 24th UCC Safety Period already officially completed and recorded, but as it did not develop into a disabling injury until well after the 20-day waiting period for such cases it does not affect the period statistics or the individual safety awards to be presented UCNC employees in the Y-12 Plant Area.

This injury occurred when a

pipe fitter in Process Maintenance bruised an elbow when it hit a pipe. The bruise aggravated a previous case of bursitis with surgery being required. The 24th UCC Safety Period ran from November 14, 1958, to April 16, 1959, the period being ended when a chemical operator in the Chemical Department sustained burns. The period covered 154 days with 4,963,757 accident-free hours being worked.

## Carpenter Is Praised At Retirement Dinner

'Know How,' Sincerity Of Retiree Is Cited

Highly praised for his "know how," sincerity and devotion to safety was Joseph F. Carpenter, safety engineer in the Y-12 Plant since 1951, who was guest of honor at a retirement dinner held at the Deane Hill Country Club Friday night, June 19. Carpenter retired from Carbide on Tuesday of this week, June 30.

Around 125 guests from all sections of Y-12 attended the dinner to hear the honor guest lauded by talks and letters. He was presented a fine battery-powered radio as a retirement gift. Lee Bagwell, Head of the Safety Department, made the presentation.

The "know how" compliment was bestowed on Joe Carpenter by Y-12 Plant Superintendent John P. Murray. Jack M. Case, Superintendent of the Mechanical Operations Division, with which Carpenter worked, sent a letter saying "none has conveyed greater sincerity" in his work. George W. Flack, Superintendent of the Industrial Relations Division, also absent because of a vacation trip to Florida, wrote of enjoying nine years of association and "from reports I have received few men could hope to establish such a fine record." The Flack letter was read by F. C. Lowry, Plant Protection Department Superintendent.

## 4,462 Y-12ers Receive \$4,829,728 In UCC Savings Plan Payments

11,699 UCNC Employees In Oak Ridge Draw \$13,184,456; Figures Slightly Up From 1957

The summer biennial visit of Santa Claus handing out checks representing savings by Y-12 employees in the Union Carbide Corporation Savings Plan made yesterday, Tuesday, June 30, a happy day for 4,462 Y-12ers enrolled in the General Savings Fund part of the UCC Savings Plan. These 4,462 Y-12ers drew a total of \$4,829,728, representing their contributions to the Savings Plan of seven and one-half per cent of their normal straight time earnings, plus 10, 20 or 30 per cent of this amount added by the Corporation, depending on whether the employee has one, two or three or more years of Company Service.

In the three Union Carbide Nuclear Company installations in Oak Ridge a total of \$13,184,456 was distributed in General Savings Fund checks. This amount was divided among 11,699 employees at Y-12, Oak Ridge National Laboratory and the Oak Ridge Gaseous Diffusion Plant.

The 1959 figures are slightly above those of two years ago in 1957 when 4,367 Y-12ers drew \$4,172,432 and \$12,033,624 was distributed to all UCNC employees in Oak Ridge participating in the Savings Plan.

A great majority of Y-12ers personally picked up their Savings Plan checks yesterday. However, a few made prior arrangements with the Paymaster's Office to have the checks mailed to them at vacation spots and others out of town planned to pick their bonanzas up at the Paymaster's Office on their return.

Of course, many Y-12ers had made plans some time ago as to how their Savings Plan money

## Safe, Sane Holiday Urged Of All Y-12 Folks On Week End

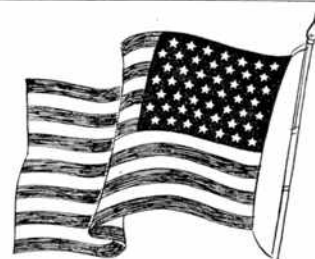

Another long week-end holiday is right ahead for Y-12ers—so let's make it a safe and sane one and return safe and sound after the Independence Day observance, which begins with Friday, July 3, and extends through Sunday, July 5. As the Fourth of July falls on Saturday, the previous day, Friday, July 3, has been declared a holiday for all Union Carbide Nuclear Company employees to provide three big days for holiday activities.

No Y-12er will be required to work on Friday, July 3, except those required for the continuous operation and protection of the plant.

Many Y-12ers are starting vacations, others will be taking week-end trips and others will be indulging in usual holiday recreational activities such as fishing, boating, swimming and other pastimes.

Just a plea to all—take it easy on the highways to avoid the extraordinary hazards facing holiday travelers. If trips are planned, see that the family vehicle is in good and safe operating conditions. Keep a wary eye out for careless drivers and be courteous and careful yourself—it will pay off in safety. In fact — use of common sense and taking safety precautions should be exercised in all holiday activities.

Remember—a fall from a comfortable hammock can result in as bad an injury as an automobile crash. So — PLEASE BE CAREFUL, EVERYONE.

## 49-Star Flag To Fly First At Ft. McHenry

A new star will fly in the flag of the United States on July 4. It stands for Alaska, the 49th and "most" state.

The nation's newest flag will officially be raised and placed in service on Saturday, July 4, at Ft. McHenry, in the harbor of Baltimore, Md. The first official raising will follow a re-enactment of the British bombardment of Ft. McHenry in 1814, when Francis Scott Key wrote the words of the Star Spangled Banner — now the national anthem of the United States. Secretary of the Interior Fred A. Seaton will raise the new flag.

Alaska is not only the newest and biggest state, it also is the farthest north, and — until Hawaii's admission to the union becomes official—the farthest west. Its population is the smallest in the nation—but also the fastest growing.

The new state has the tallest mountain in North America and the biggest unit of the national park system. It has more area covered by water than any other state and its 6,640-mile coastline is longer than the coast of all the rest of the United States.

Untapped mineral resources may make Alaska one of the richest states. All but two of the 33 strategic minerals needed by the United States have been found there.

## OLD FAVORITE DISHES ON SPECIAL LUNCHES

Old favorite dishes are to be served Y-12 Cafeteria patrons on the 50-cent Special Lunches to be served tomorrow, Thursday, July 2; and next Tuesday, July 7. Meat loaf with creole sauce will be entree on the Special Lunch for tomorrow. On next Tuesday the main dish will be frankfurters and sauerkraut. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

# Gaudy July Brings Independence Day, Other Interesting Dates In History Of Country

Summer always is in full swing when the gaudy month of July comes around — sporting the “Glorious Fourth” as the feature day of the period. Of course, one and all know by now that “glorious” July 4 in 1776 when a group of irritated and determined residents of the “colonies” rose up on their hind legs and signed the Declaration of Independence — probably one of the most outstanding documents in world history.

The month of July was shifted around in the calendar in the memory of Julius Caesar — also known for shifting world history. Originally the month was the fifth of the year and known as Quintilis but after J. Caesar succumbed from a well-wielded knife at the hands of one Brutus in 44 B.C., the month was renamed Julius in his honor. Later the name was shortened to July.

In addition to the anniversary of the signing of the Declaration of Independence on July 4, the

## How JULY was named:

month of July also has some other interesting dates — and includes the birthdays of a couple of famous Americans. They are Phineas T. Barnum, the great circus organizer; and John Quincy Adams, one of the early presidents of the United States.

Barnum was born in Bethel, Conn., on July 5, 1810. Former President Adams first saw the light of day on July 11, 1767, at Braintree, (also known as Quincy) Mass.

Here are some of the interesting events that occurred in July:

## Linde Makes Big Railroad Shipment Of Equipment

The largest single railroad shipment of industrial gas producing equipment recently was made by The Linde Company, Division of Union Carbide Corporation. The shipment, sent to the new Pittsburgh, Cal., Linde plant, consisted of six flatcars of oxygen and nitrogen-generating equipment weighing 120 tons. The equipment, designed and fabricated at Linde's Tonawanda, N.Y., plant, included liquefiers, compressors and heat exchangers capable of creating as much as 190 tons of liquid oxygen and the same amount of liquid nitrogen in one day. The first section of the new plant is scheduled for completion in July of this year and when the second half of the plant is completed early next year, it will be capable of producing 300 tons of liquid oxygen and nitrogen in one day.

## HOWARD MEDICI HONORED

Howard R. Medici, President of Visking Company, a Division of Union Carbide Corporation, has been presented the Professional Manager Award by the Society for Advancement of Management. He was cited for his “significant contributions to the field of scientific management.”

Whoops! Lookie at what the Prop. and Gen. Mgr. of this department is gazing upon this week down in his old stompin' grounds of Daytona Beach. Yep, the Old Gent is sorta worn around the edges and will be basking on the sands bordering the Atlantic for a couple of weeks. Meanwhile, Ralph Pearson, who has conducted the Colyum and the rest of The Bulletin in a most excellent manner on past occasions, will keep the store until July 14, when the regular occupant of the chair will return—he hopes.

Now, for other Industrial Relations news—just keep reading—

## INDUSTRIAL RELATIONS

Vowing “to eat on somebody else” for a couple of weeks is Lee Bagwell, head of the Safety Department, and his missus, who are ambling down to Alabama to see his folks in Birmingham and hers in nearby Walker County. Clarence Johnson will be operating the Safety Department, or visa versa, during Lee's absence.

The Cafeteria sends get well wishes to Rosa Lowe, who was in Oak Ridge Hospital last week but who has gone home . . . Irene McCroskey is vacationing at home in Sweetwater.

From the Guard and Fire Department comes word that Shirley Honeycutt is deserting his pulpit in Bldg. 9704-2 for a vacation that will take him to Dayton, Ohio, in addition to other stops . . . Cap'n Emmett “Kingfish” Moore and folks are threatening the finny population of Florida . . . Lieut. G. A. May and family are vacationing betwixt and between Washington and Florida . . . Fireman C. C. Butler is just restin' and fishin' around home this week . . . Fireman E. E. Gregory, the “chief” of the department, is in San Juan, Puerto Rico, on a U. S. Navy training cruise . . . Guard George McPherson and spouse are on a second honeymoon at Daytona Beach after 17 years of married bliss—they left the kids at home!

## MAINTENANCE

Electrical Maintenance sends get well wishes to W. H. Jones, W. Wolfe, H. E. Robinson, J. Mil-

ler, J. R. Baumgarner, J. H. Whidden, C. E. Robinson and T. A. McFarland—all on the misery list . . . H. L. Vandergriff is visiting kin folks and sight-seeing in Cincinnati while vacationing . . . K. A. McTeer is looking up relatives in Atlanta, Ga. . . W. F. Smith is taking it easy around home.

Mechanical Maintenance extends sympathy to J. F. Hood, whose father died recently at Rockwood . . . Also to R. E. Redmon, whose grandfather succumbed a few days ago in Knoxville . . . E. J. Hickie is on the sick list again and is receiving get well wishes . . . likewise to Fred Marrow, who was able to go home last week after hospitalization following a Memorial Day traffic mishap . . . R. R. Chilcoat entertained his brother and family from Alabama with a trip to the Smokies one day last week—and it was too bad it was raining . . . L. E. Sikes is going back to the lakes to catch the rest of the fish he left while vacationing and then will relax in the sun.

Research Services has two more Proud Pops to congratulate—W. N. Proffitt welcomed a new daughter into the fold and H. E. Henderson greeted a son . . . Rapid recovery wishes are extended A. E. Morton, ill in Blount Memorial Hospital at Maryville . . . I. E. Robinette is a Florida vacationer . . . J. L. Spray is in St. Louis . . . P. E. Rush is visiting in Louisville, Ky., and W. H. Moses is “just fishing.”

July 1, 1791 — The first internal revenue tax in the country became effective on distilled spirits and carriage. It didn't take long for the taxmen to find many more sources of revenue to keep the nation's coffers full.

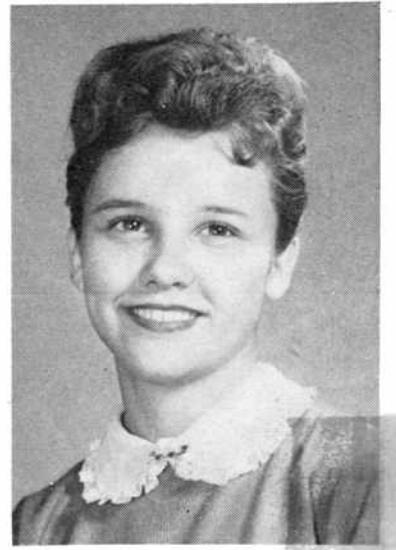

July 4, 1777 — The ladies of Portsmouth Harbor, N.H., presented Capt. John Paul Jones with the first American flag to be displayed on an American man-of-war.

July 9, 1847 — The state of New Hampshire passed a law establishing 10 hours of actual labor as the standard work day.

July 17, 1861 — Congress authorized the issuance of the first paper money by the United States government.

July 23, 1829 — The first typewriter was invented by William Austin Burt. (No one has improved it enough to make it fool proof in spelling—yet.)

The birthstone of the month is the gorgeous red ruby and the flower the beautiful blue larkspur.

## Young Life Group Honors Daughter Of Y-12 Employee

For the second time in three years a daughter of a Y-12 woman employee has won honors at the Star Ranch Camp of the Young Life Group in Colorado. The Young Life Group of young students that has as its objective higher morals and cleaner lives for 'teen-agers throughout the country.

Honored this year at the Star Ranch at Buena Vista, Co., was Miss Carol Jean Griffin, 16, daughter of Mrs. Bobbie Griffin, of the Y-12 Product Processing Department. Two years ago it was Miss Sherry Griffin, now 18, and sister of Carol Jean, who attended the Colorado camp of the Young Life Group to win honors through her activities there.

Carol Jean Griffin's top honor at the Star Ranch was being crowned “Miss Star Ranch” on June 5. She was chosen from a group of 250 boys and girls at the ranch after one week of camp activities. She was chosen on her qualities of best “all-around girl” and her popularity. During the week she took part in such activities as swimming, horseback riding, hiking, skiing and ice skating. She took first place in diving and third place in the breast stroke swimming race.

The week's activities were climaxed with a dinner and the crowning ceremony.

Carol Jean Griffin finished her junior year at East High School this spring. She was one of two pupils selected from East High School and one out of four from the city of Knoxville to attend the Star Ranch for one week. She was picked for her active work and sincere interest in the Young Life Group.

In addition to her Young Life activities, she is president of the Drama Club at East High School and is pianist for the Young Life Group there. She also takes an active role in Sunday School and church work at the McCalla Ave. Baptist Church in Knoxville and sings and is pianist for the Madrigal Group of the church. She sings in the choir at church and school.

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

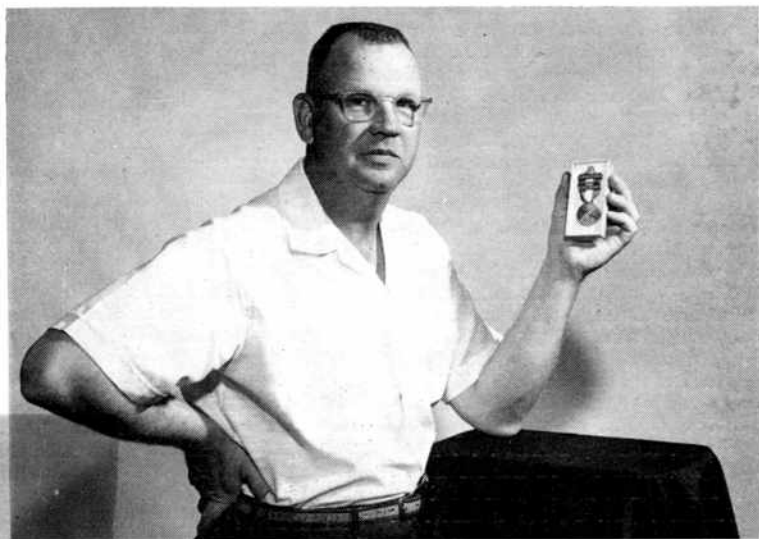

J. M. Butts, H. C. Woodard, W. B. Tyree and F. E. Cox, General Machine Shop; D. B. Williams, Guard; J. L. Wade and T. C. Brooks, Process Maintenance; W. C. Pullin, Forming; D. G. Hill, Maintenance Division; F. H. DeFord, Research Services; D. H. Bowman, Z Area; H. M. Matthews, Sunflower Shop.

MRS. EVELYN TUCKER HOUCHIN, OF THE Y-12 CAFETERIA, A RECENT bride, was honored with a miscellaneous shower on June 18 at the home of Verna Peckman, 124 Meadow Road, Oak Ridge. In the front row, from left, are Desma Blair, Joyce Gillihan, Etoy Goodman, the honoree, Mrs. Houchin; and Wynetta Patterson. In the rear are Nell Rolan, Louise White, Irene Bryan, Verna Peckman, Frankie Goss, Edna Tucker, Gladys Rolan and Dixie Cunningham. Guests not in the picture were Beulah Stevens, Hazel Robinson, Martha Prim and Mrs. Fred Giles. Co-hostesses were Mrs. Peckman, Mrs. Gillihan and Mrs. Patterson.

Y-12ER A. J. BLAY, ABOVE, is shown with the third place medal he won in high power rifle competition recently at Fort Campbell, Ky. By finishing in the top five per cent of the field he has attained one leg on the coveted Distinguished Marksman Badge. At right is a closeup view of the medal.

## Y-12 Rifleman Seeking High National Award

Allen J. Blay, of the Y-12 TW Shop, captain of the plant rifle team last season, appears to be well on his way toward winning high honors in his most popular recreation — target shooting with high power rifles. In the South Central Regional High Power Rifle Championships held at Fort Campbell, Ky., June 6 and 7, he obtained his first credit toward the Distinguished Marksman Badge, one of the most coveted awards for civilian and service personnel participating in rifle matches.

### Finished Third At Campbell

In the Fort Campbell matches Blay fired a fine 237 out of a possible 250 against a field of 72 of the finest civilian and service shots in the nation. The match winner also was a civilian who posted a 242 score and Blay finished in third place overall against 27 civilians and 45 service competitors.

To attain the Distinguished Marksman Badge, a handsome gold medal, a contestant must finish in the top 10 per cent of all competition in high level service matches. Fewer than five per cent of riflemen seeking the award have been able to make the grade and only about five per cent of them achieve credit—or “legs”—toward the honor.

### How “Leg” Is Won

One “leg” is obtained in the DMB when a contestant finishes in the top 10 per cent in three high level matches. Blay's next effort will be made at the annual Camp Perry, Ohio, matches in August and the third try will be in another top competition next year.

Blay has been known as one of the finest high power rifle firers in Oak Ridge and is believed to be the only Oak Ridge man to attain a credit toward the Distinguished Marksman Badge.

## Horseshoe League Formed For Y-12ers

An eight-team horseshoe pitching league for Y-12 finally was organized by the Recreation Department last week, June 30. All action will take place on the city courts on Tennessee Ave. near Jackson Square.

The eight teams competing are J. T. Berry - George Kaylor, H. Raper - Hubert Tripp, Elmer Green-F. R. Hartlage, Avery Kennedy-Carl Coley, Charley Beckett-Clyde Smith, Joe Dunlap - V. A. Stanley, L. G. Freeman - L. C. Martin, Frank Tiller-M. L. Petty.

Think ahead for safety.

## Loy-Huskisson Rise In Whittle League

Loy-Huskisson climbed into a tie for second place in the Whittle League for golfers in the Knoxville League by walloping Sawyer-Hendrix for six points. Wyrick-Wilburn held first place with a forfeit win. Petretzky-Briscoe whitewashed Troutman for six points and Bishop-Norris handed a similar defeat to Morgan-Jordan. Leach-Perry also added six points by forfeit and Kovach-Galle had a bye for the week of June 22.

Cary Morgan fired a 41 for low scratch score of the week. Tied at 42 were Bob Loy, Al Sawyer and Gene Huskisson. Petretzky and Norris tied at 34 for low handicap score and Troutman and Briscoe were deadlocked at 35. In team scoring Loy-Huskisson had low scratch of 84, followed by Sawyer-Hendrix at 89. In handicap scoring Petretzky-Briscoe had 69 and Loy-Huskisson 72.

League standing follows:

Team	W	L
Loy-Huskisson	40	8
Wyrick-Wilburn	35	19
Sawyer-Hendrix	35	19
Leach-Perry	30	18
Kovach-Galle	28	20
Petretzky-Briscoe	27	21
Morgan-Jordan	25	23
Troutman-Coleman	22	26
Bishop-Norris	18	30

## Permits Needed For CP Camping

Y-12ers wanting to camp out on the Central Peninsula Wildlife Management Area are reminded that permits must be obtained for the camping and that camping is permitted in one area only. The approved camping site is near the checking station entrance and is known as the parking lot area. Camping permits to use the designated camp area may be obtained at the checking station entrance.

## Y-12 Golfers Point For Gatlinburg

### Deane Hill Tourney Entry List Sets High

Following the highly successful tournament at Deane Hill Golf and Country Club in Knox County on June 20, Y-12 golfers now are pointing for the fourth competition of the season, set for the sporty and beautiful Gatlinburg course on Saturday, July 25.

The entry list for the Deane Hill tournament of 142 set a new high for number of players in any Y-12 golf shindig. The next highest entry list was 137 at Oak Ridge last season. Interest in the pasture pool sport has reached a new high in the Y-12 Plant as well as in other Union Carbide Nuclear Company facilities in Oak Ridge this year and another large number of players are expected at the Gatlinburg event.

Notices of the Gatlinburg tournament will be placed in the mail some time this week. Y-12 golfers are urged to note that no applications for tee-off times will be accepted before Thursday, July 16, at 8 a.m. The same regulations and prize list prevailing in previous tournaments again will be in effect.

## Kennedy-Beckett Cop L.C. Crown

Frank Kennedy and Charley Beckett won the first round of play in the Lenoir City League of Y-12 golfers during the week of June 15 with a three-point win over W. M. James and A. E. Perry. Similar wins were posted by H. C. Hutson-W. A. Rutherford over L. C. Watson-W. C. Collins and E. N. Rogers-Jack Thompson over S. D. Peters-Paul Arrowood. Walt Simmons-Mac Wright took two and one-half points from F. K. Clabough-Charles Spradlin. The E. S. Hardy-C. E. Harris match with Tom Harris-Tom Verner was postponed because of vacations, but whatever the outcome it would not have affected the first half standings.

Kennedy again led the individual scratch scorers with 37, with a 36 handicap tally. Other low scorers were Peters 43-37, Clabough 44-36, Collins 44-37 and Arrowood 44-40.

League standing at the end of the first half of the season follows:

Team	W	L
Kennedy-Beckett	26	10
Hardy-C. E. Harris	21 1/2	10 1/2
Simmons-Wright	21 1/2	14 1/2
Peters-Arrowood	20	16
Watson-Collins	19	17
Rogers-Thompson	18 1/2	17 1/2
Hutson-Rutherford	15 1/2	20 1/2
Clabough-Spradlin	14 1/2	21 1/2
James-Perry	12 1/2	23 1/2
Tom Harris-Verner	7	25

## Men's Singles Loop Begins Net Action

Although the Y-12 Men's Singles Tennis League was slated to have swung into action last week, no matches had been reported to the Recreation Office at press time of The Bulletin for this edition. However, it is expected that a number of contests will be recorded in time for the next issue.

Efforts were dropped by the Recreation Department for formation of a Mixed Doubles League this summer. Only three teams submitted applications to play in this circuit. There also will be no competition in men's doubles.

## Isham-Henck Lead Cut At Harriman

The Walker-Hoppe team slashed the lead of Isham-Henck in the Harriman Golf League for UCN players in that sector in the fourth matches in the second round of play by taking a three-point tri-

## Many Fine Fish Landed In Rodeo

### Excellent Prizes Given To Top Y-12 Anglers

A flock of fine finny specimens were landed by Y-12 anglers during the first plantwide Y-12 Fishing Rodeo of the season that closed June 15 and the first and second place winners in the seven classifications won handsome prizes for their efforts. The awards were beacon lamps and tackle boxes. The rodeo drew 40 entries.

Meanwhile, the second Y-12 Fishing Rodeo of the year now is underway. It opened at midnight, Saturday, June 20, and will continue until midnight Monday, September 14. The deadline for returning entries in this contest is noon, Wednesday, September 16, at the Recreation Office, Room 265, Bldg. 9704-2. Entry blanks may be obtained there or from members of shift recreation committees.

Judges for the first rodeo were Evan Means, Research Services; W. E. Davis, Security; and Avery Kendig, Salvage.

### The winners were:

**LARGEMOUTH BASS**  
E. C. Gross, Electrical Maintenance, eight pounds. Lyman C. Hale, TW Shop, seven pounds, eight ounces.

**SMALLMOUTH BASS**  
W. T. Mitchell, Research Services, five pounds. Virgil Lovett, Electrical Maintenance, four pounds, seven ounces.

**STRIPED BASS**  
L. B. Gillis, General Machine Shop, two pounds, eight ounces. H. N. Benninghoff, Shift Superintendents and Utilities, two pounds, seven ounces.

**WALLEYE PIKE**

**TROUT**  
John Orr, Electrical Maintenance, one pound, 12 ounces. J. B. Wright, Product Processing, one pound, seven ounces.

umph. Similar wins were posted by Tilley-Evans over Thomas-Hamill, the winners getting a second place tie; Ellis-Anglin over Warlick-Willmarth and Cuneo-Grimes over Brown-Franzreb.

League standing follows:

Team	W	L
Isham-Henck	12 1/2	3 1/2
Walker-Hoppe	11	5
Tilley-Evans	11	5
Ellis-Anglin	10	6
Brown-Franzreb	5 1/2	10 1/2

Cuneo-Grimes	4 1/2	11 1/2

## Softy Action Light In Plant League

### First Half Champs To Be Crowned Soon

Action in the Y-12 Plant Softball League has slowed down somewhat with only one game being reported.

In the one game played Saturday, June 20, the Whiz Kids added one on the win side with a 9 to 2 win over the Slow Pokes and the Slow Pokes got a forfeit decision from the disbanded Generals. Forrester led the nine-hit attack of the Whizzers with three for three, including a triple. Summerfield also blasted a triple and J. Collins a double for the winners. The Kids got off fast and had a big five-run inning in the fourth to coast in. Hayes breezed along with a four-hitter, the only big blow being a triple by Valentine.

Forfeit wins were turned in by the Atoms, and the Whiz Kids, both over the Slow Pokes.

The first half is slated to end July 6 with the second period of play slated to start July 13. Meanwhile the long-anticipated all-star game between a picked team from the trailing four teams in the league and the first half winners is tentatively scheduled for Thursday night, July 9. The managers have been called to meet after the first half decision is reached to select the all star outfit.

## Carpenter Is Praised At Retirement Dinner

Continued from Page 1

cal Operations Division, pointed to the more than 6,000,000 hours of operations by that division without a disabling injury and said "without Joe's help such a record would have been much harder to achieve. Harding read the letter of commendation from Superintendent Case. Daniel H. Rader, Y-12 Plant Shift Superintendent; and H. N. Benninghoff, Relief Shift Superintendent, also highly praised the retiree. Benninghoff presented Carpenter with a scroll signed by Joe's many friends throughout the plant.

In a brief talk of appreciation, Carpenter declared the tributes paid him were "beyond my imagination, as good as it is."

"I only did the job Union Carbide paid me to do," he said, "I did work to help keep people from suffering. I received and appreciate the cooperation received from everyone with whom I worked—and all of them should share in the credit for avoiding accidents."

#### Joe Williams Was MC

Joe Williams, of the Mechanical Operations Division, was master of ceremonies, and stated "Mechanical Operations is cooperating with Industrial Relations" in paying tribute to "Old Joe." Jack Fisher, Security, read a humorous outline of Carpenter's history before coming to Y-12.

Carpenter is a native of Virginia and now lives on Bench Road, in Knox County. He first came to Y-12 on September 1, 1943, and was made a general foreman shortly afterward. On January 30, 1947, he left under a reduction in force and returned on June 25, 1951.

## Y-12 Employees Receive Payments

would be spent. Some put the cash away in various types of savings, others invested the money in homes. Home furnishings were added by a host of families and it was expected that a number of shiny new automobiles would be bought.

In addition to the General Savings Fund, which pays off every two years, the UCC Savings Plan also has its Personal Savings account in which employees may make long range investments in Union Carbide Corporation stock, United States Savings Bonds, or both. Contributions to the Savings Plan are made by payroll deductions.

## Shatley-Kahley Lead Blue League

The Shatley-Kahley combine held first place in the Blue League of Y-12 golfers in Oak Ridge on June 17 by taking four points from Pletz-Roberts. **Gambill-Hamby** kept pace in second place with a similar win over **Bremann-Hackett**. The race tightened up when whitewash wins of six points were recorded by **Smith-Bartholomew** over **Maddux-Luck** and **Orrison-Thomson** over **Matthews-Stout**. **Wallace-Patterson** knocked over **Earley-True** for five points and **Gregory-Dehoney** beat **Everitt-Lockhart** by four.

George Evans, an alternate, tied with **Dick Dehoney** at 42 each for low scratch score:
